## Neon Party Ignites MVGFC Gymnasium!

by Mildred Batalla

Cabanatuan City, Nueva Ecija – On August 2, 2024, the Manuel V. Gallego Foundation Colleges (MVGFC) gymnasium was transformed into a dazzling neon spectacle as the college hosted an electrifying Neon Party to kick off the new academic year. The transformation turned the familiar sports and events venue into a vibrant canvas of bright colors and mesmerizing designs, creating a visual feast for all attendees.

The evening commenced with an inspiring address by Ms. Ella May L. Palomia, President of the Supreme Student Council (SSC), who set an enthusiastic tone for the festivities and the year ahead. The excitement continued with high-energy performances from the Gallegan Innovative Dancers, who brought dynamic choreography and contagious energy to the event. Pulsating beats from the DJ added an extra layer of intensity, amplifying the already electrifying atmosphere.

As the neon lights began to dim, the sense of excitement and camaraderie lingered. The Neon Party provided a unique and memorable welcome for new students and transferees, marking the beginning of their journey at MVGFC. With this vibrant introduction behind them, they are set to embark on a promising academic year, filled with engaging experiences and opportunities.

May the vivid theme of the Neon Party serve as a constant source of inspiration for the new students, ensuring their journey at MVGFC is as colorful and dynamic as the event itself. As they move forward, may their determination shine brightly, and may MVGFC continue to be the guiding light that supports and illuminates their path toward achieving their dreams. Hundreds of Gallegans came together to celebrate, making it a night to remember. ###
